

Verification of Assets (VOA)

Automate Your Process with a Comprehensive Digital Solution

Informative Research is a technology platform company that removes borrower paperwork and delivers digital solutions in its place. With a Verification of Asset solution, lenders can confirm a borrower's checking, savings, 401(K) and brokerage account(s) without the hassle of collecting paperwork from the borrower.

Fast Results

Receive validated transaction data faster with your choice of a streamlined, fully-automated solution

Better Coverage

Verify assets for millions of borrowers with 80% coverage of all financial institutions

Complete Picture

Get instant access to detailed transaction history

FCRA COMPLIANT

Our VOA options are fully FCRA compliant

LESS RISK

With a clearer financial picture, be more confident in your borrower's ability to repay the loan

RELIABLE PARTNERS

We partnered with the best in class VOA providers to offer you the solution that best fits your needs

REP AND WARRANT RELIEF

Our partners provide rep and warrant relief so that lenders may take advantage of the cost and time savings associated with these GSE programs
